

# PROTECT YOUR NEW ASPHALT

Especially during the HOT summer

**DO NOT**

Engine oil and gasoline will be very damaging to new driveways

**DO**

When parking any kind of trailer on driveway, make sure trailer hitch is supported on good size block of wood.

**DO NOT**

Fast stops and starts can ruin new asphalt.

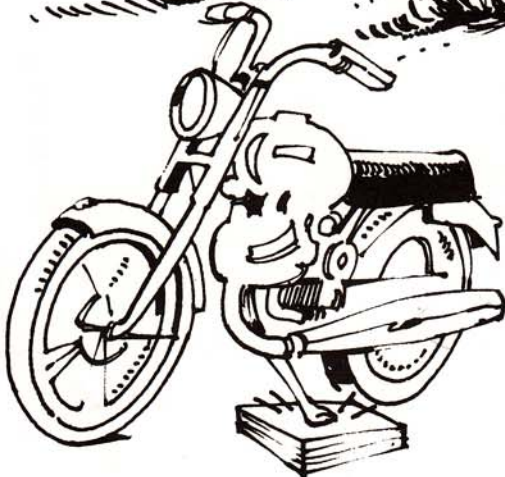

**DO NOT**

Asphalt sealer should not be used on new asphalt. Wait at least 3 months.

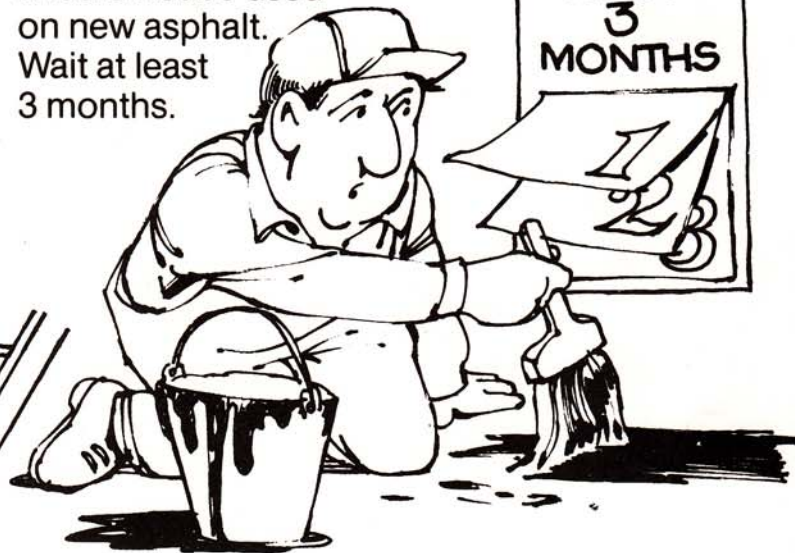

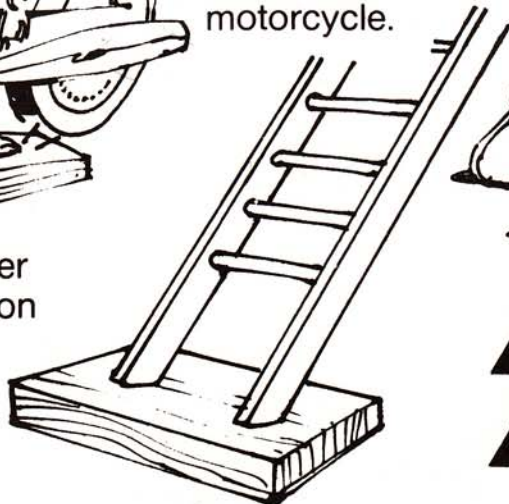

**DO**

Put a wooden block under kickstand of motorcycle.

**DO** Rest ladder supports on block of wood to prevent indents in new asphalt.
